Automotive

In 1946, W.M. Barr, now Barr Brands, introduced Klean-Strip® non-flammable paint remover. Now more than seven decades later, Klean-Strip® is recognized as a leader in automotive refinishing products.

The Origin of Klean-Strip®

We offer the finest auto refinishing products available. Professional car care specialists know they can depend on the consistent quality of our products. And with distribution facilities in Tennessee, we can service accounts fast and efficiently anywhere in the U.S.

Today, Americans love their cars just as much as they did in 1946. That's why Klean-Strip® is committed to delivering superior products for professionals and DIY'ers that enhance productivity and deliver performance and value.

Klean-Strip, Bulldog, Aircraft, Naked Gun, Prep All, Mask & Peel, Peeler, Goof Off and Klean-Strip Green are Trademarks or Registered Trademarks of W.M. Barr and Co., Inc.

BULLDOG®

WHY IT STICKS

Bulldog® gets its grip from our special one component formula, which penetrates into the surface and bonds with the substrate. Proprietary resins dry to a coating on the surface, providing excellent adhesion to paint, clearcoats, primers and other coatings.

Bulldog® Adhesion Promoter

QTPO123 – Quart

GTP0123 – Gallon

Bulldog® Adhesion Promoter is designed to promote paint adhesion to automotive surfaces including all flexible or rigid plastics, fiberglass, glass, vinyl, and other synthetic surfaces. Bulldog® also acts as a mid-coat adhesion promoter, a flex agent and can be tinted with the basecoat for additional coverage.

Not for sale in CO, DE, MD and UT. California: May only be sold within SCAQMD. Restricted from sale in all other areas. Contact a sales rep for more information.

ETPO123B – 15 oz Aerosol

Bulldog® Adhesion Promoter Aerosol is designed exclusively to promote adhesion to polyolefin plastics, and is compliant for sale and use in all states. The convenient one-component aerosol is perfect for spot repairs and dries in 5 minutes. It also has an adjustable nozzle for a variable spray pattern.

⚠ WARNING: This product can expose you to chemicals including Ethylbenzene and Styrene, which are known to the state of California to cause cancer, and Toluene, which is known to the state of California to cause birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.

SATISFACTION
GUARANTEE*

Bulldog® VOC Compliant Adhesion Promoter

QTP0126 – Quart GTP0126 – Gallon

Bulldog® VOC Compliant Adhesion Promoter has the same features and benefits of our current Bulldog Adhesion Promoter. It is a patent-pending, one component formula that promotes adhesion on all types of automotive plastic.

⚠ WARNING: This product can expose you to chemicals including Ethylbenzene and Styrene, which are known to the state of California to cause cancer and Toluene, which is known to the state of California to cause birth defects or other reproductive harm. For more information, go to www.p65warnings.ca.gov.

Bulldog® Abrasive Prep & Clean

EPC535 – 7.6 lbs PPC535 – 16 oz

Reduce 1-3 steps in bumper prep by using Bulldog® Abrasive Prep & Clean. It is an advanced emulsion, combining water and solvent technologies, and is excellent for use with the Bulldog family of adhesion promoters. It removes wax and grease from the surface, and is the only paste that effectively removes the mold release agents that can cause fisheyes and peeling. It is an excellent blend prep and eliminates the need for soap and water, sanding and anti-stat/cleaning solvents.
